Calm Week in Danville.

proverbial calm that follows the storm, the past week has been as notable in its lack of gayeties as the preceding one was of its numbers. There has been nothing that could be scheduled as big affairs, but several little but extremely pleasant social functions. About the most notable of these affairs was the reception tendered the ladies by the Danville Elks in their club rooms on Tuesday night. The new House Committee, consisting of Colonel J. Stanley Oliver and Dr. Julian M. Robinson, made their initial bow as entertainers, and won instant favor with the ladies, as well as the Elks. An informal reception was held in the afternoon, and at night the entertainment was dancing until 11 o'clock. The affair was quite a success, and the new committee is highly complimented. the past week has been as notable in its
